Community Satellite Fund

The Community Satellite fund will enable all kinds of community groups (scouts, youth clubs, older people's day centres), to apply for equipment to enable them to host a new regular table tennis session.

Why be part of a Community Satellite?

Ping Pong makes people happy, it's growing in popularity, it's great exercise and it's a game for all ages and abilities!

Who can apply?

We welcome applications from a wide range of partners, both large and small- youth centres, community groups, colleges etc. The project aims to increase the number of weekly table tennis sessions for aged 16+ in Oxford so applicants must demonstrate how their project will get people playing table tennis on a regular basis. Applications will be assessed by the panel and awarded where it is deemed to fit in with the project aims. Awards are subject to demand and are not guaranteed.

What equipment can organisations apply for?

Organisations can initially apply for a Instant Ping! pack which will give them all the essential kit to get up and running (bats, balls, net, activity cards) and is ideal for setting up a recreational session on any type of table. If the organisation can demonstrate that the Instant Ping! pack is well used and there is sufficient demand, the fund will support organisations with funding bids for further equipment. Find out more about the Instant Ping! pack here:
